

## Oneida Vocational Rehabilitation staff can help you with:

### Career Planning

Explore career opportunities that interest you. Help you explore those careers by participating in a variety of work experiences to gain the skills and abilities needed for success after high school.

Get a head start looking at the jobs and opportunities that are needed in the real world.

- Job Exploration
- Work Experience
- Secondary Education for career role.

Once you choose an employment goal,  
we will work with you to:

*Identify barriers to your successful  
employment*

*Determine the steps needed to  
overcome those barriers.*

*Help coordinate the services  
provided to reach your goal.*

## Transition Services May Include

- Disability evaluation and assessment
- Career exploration
- Goal Setting
- Vocational (Job) training
- Education pathway
- Job Search assistance
- Transportation assistance
- Coordination between programs and other agencies
